EDUCATION

B.Tech – Computer Science and Engineering

VIT Bhopal University, Bhopal
GPA – 8.58

Sept 2022 - Current

Higher Secondary

Gyan Jyoti Public School, Sirsa
Percentage: 84.4

2021

Secondary

D. A. V. Centenary Public School, Sirsa
Percentage: 86.6

2019

SKILLS SUMMARY

- **Languages:** JavaScript, C++
- **Frameworks:** Node.js, Express.js (Basic)
- **Database:** MongoDB, Mongoose (Basic)
- **Tools:** Git/GitHub
- **Other Skills:** REST APIs, JWT Auth
- **Platforms:** Visual Studio Code

PROJECTS

Next.js Full Stack Web Application

May 2025

- Developed a full stack production web application with OTP-based authentication, AI-powered messaging, and email verification using Resend API
- Implemented form validation with Zod, debounced username checks, integrated Auth.js, and built a modular dashboard UI with ShadCN.
- **Tech Stack:** Next.js, TypeScript, Tailwind CSS, ShadCN UI, React Hook Form, MongoDB, Auth.js, OpenAI API

News-Mag – Real-Time News Web App

April 2025

- Built a dynamic news application that fetches live headlines by category, including Technology, Business, Health, and Sports.
- Designed a responsive interface using Bootstrap and implemented React hooks for state and API data handling.
- **Tech Stack:** React.js, Bootstrap, News API

Video Management Platform – Backend Architecture

April 2025

- Built a scalable, production-grade backend for a video-sharing platform with modular routing, secure JWT authentication, and session-based user access.
- Implemented core features like video uploads, playlist creation, like/dislike system, comment threads, user history, and admin analytics using MongoDB aggregation.
- **Tech Stack:** Node.js, Express.js, MongoDB, Mongoose, Multer, JWT, Git/GitHub

CERTIFICATES

- **Decode DSA with C++(PW Skills)**
- **Bits and Bytes of Computer Networking (Google - Coursera)**
- **Cloud Computing (Swayam NPTEL)**
- **Marketing Analysis (Swayam NPTEL)**

ACHIEVEMENTS

- Successfully shortlisted for the prestigious Solve’A’Thon competition held at VIT Chennai as the only team from VIT Bhopal campus. Gained valuable experience competing among 100+ teams from all four VIT campuses.
- Solved 400+ DSA Problems among various coding Platforms.
